

# 2018 Enrollment and Retention

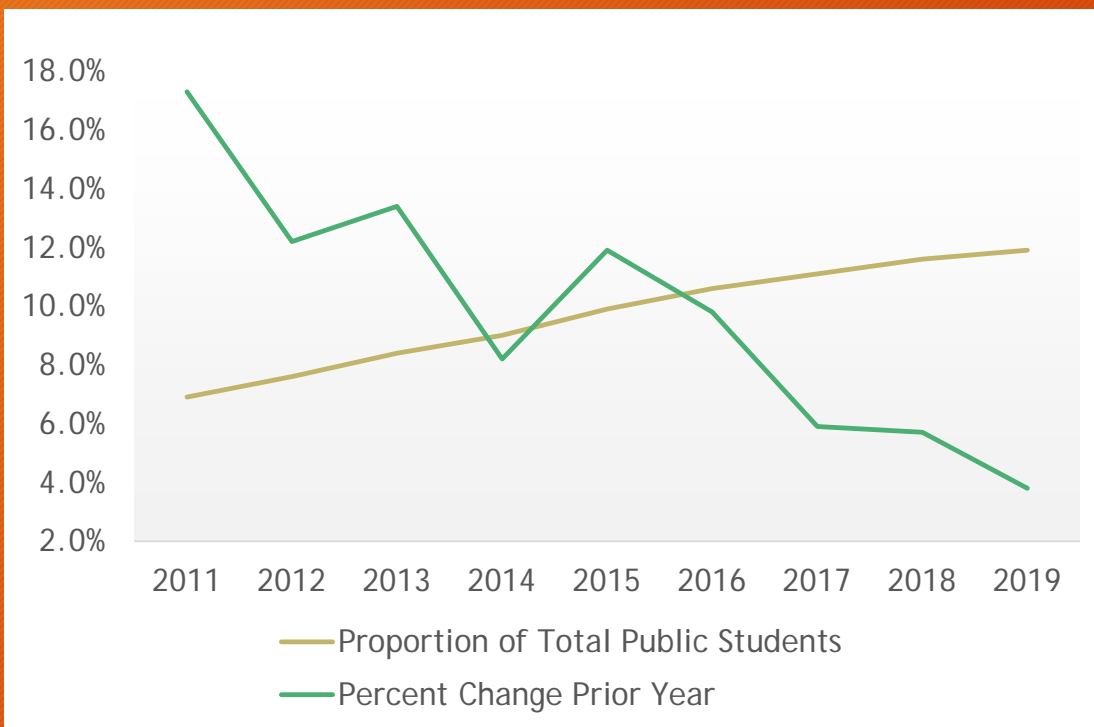

State Charter School Board

December 13, 2018

# Enrollment

Utah Student Population	
Charters	78,384
SCSB	75,482
Other	2,902
Non-Charters	581,525
Total	659,909

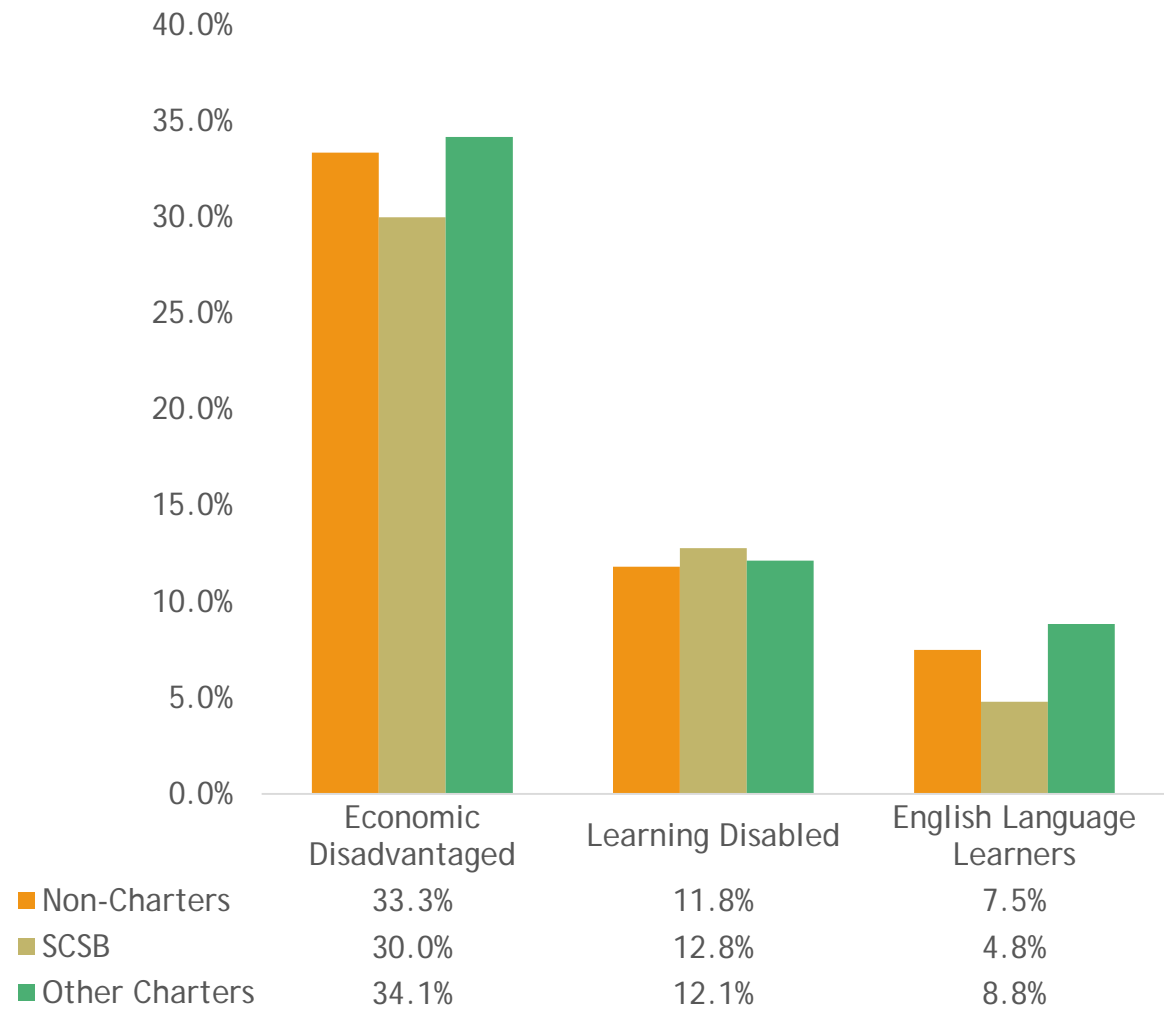

- Public schools increase 1.2% over last year
- Charter enrollment up 3.7%

- Charters make 11.9% of student population
  - Continued increase, but growth is slowing
    - Smaller growth in total proportion
    - Smaller percent change in year-to-year

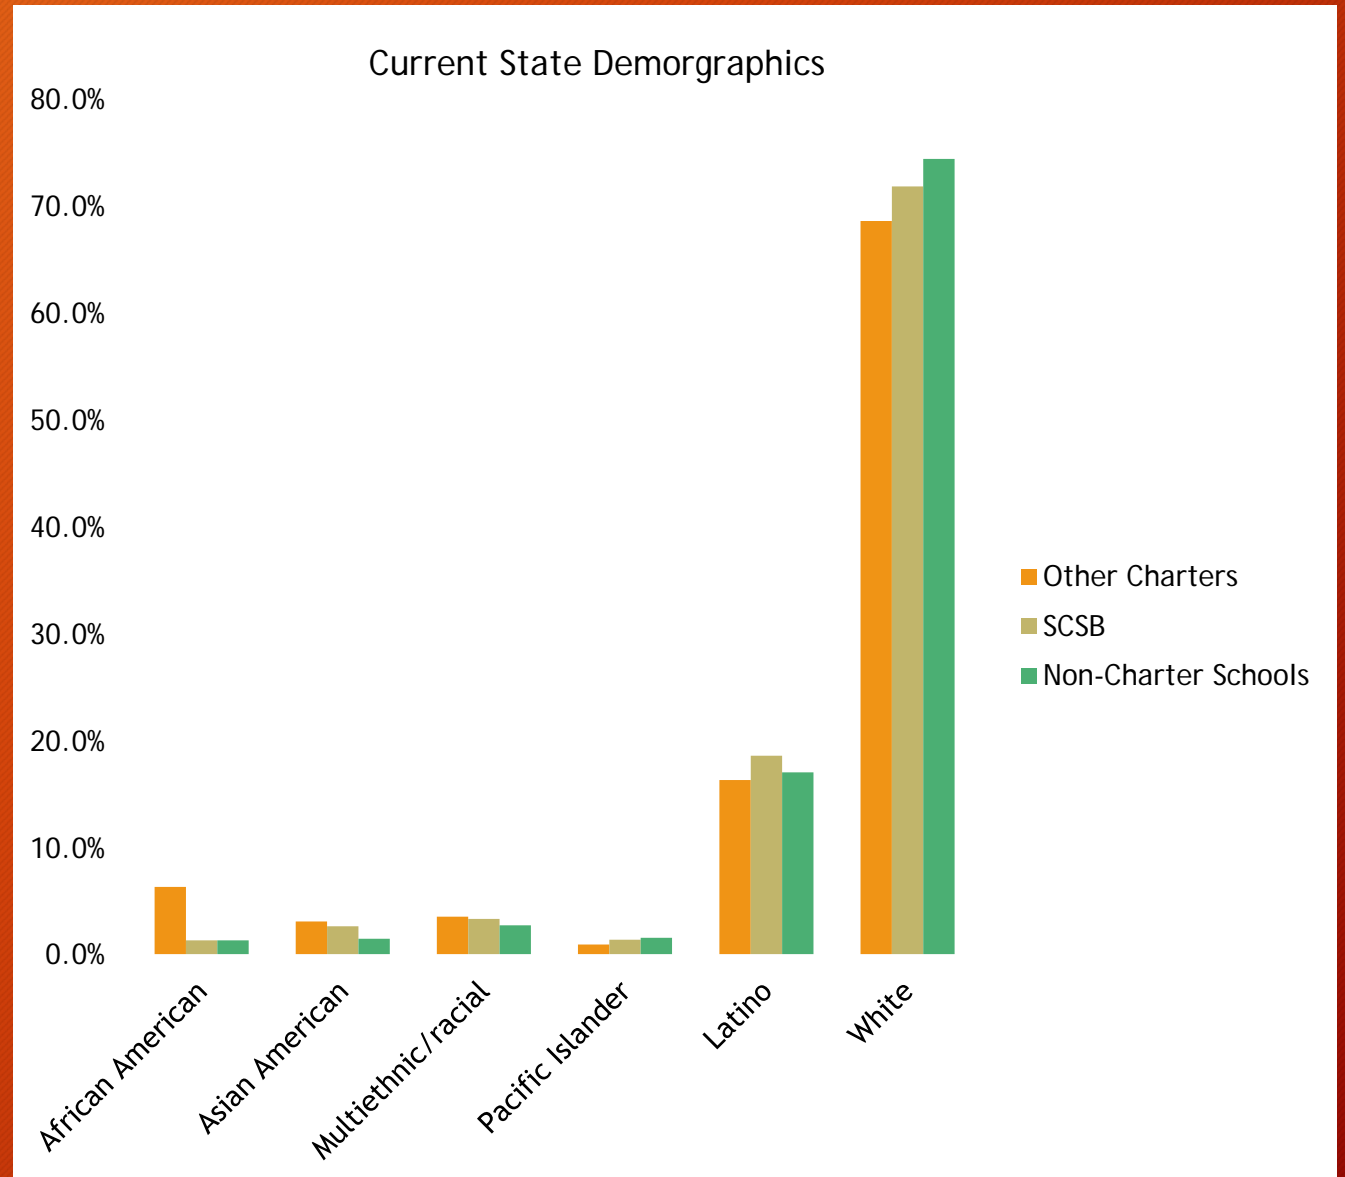

# Students Served

SCSB schools serve fewer English Learners and the economically disadvantaged

# 2018 Student Demographics

- SCSB schools serve more Latinos
- A larger portion of SCSB schools consist of Asian Americans and Multi-ethnic students than other charters
- A larger proportion of our schools consist of Pacific Islanders than non-charters

# Retention

Student retention continues to improve despite the current drop
